Announcement

It is the purpose of the management to hold an annual Shorthorn sale at Creston. Years ago one of the breed's outstanding herds was located within a short distance of Creston, and what a wonderful herd it was.

The Creston territory has a liking for the good Shorthorn, and the Polled Shorthorn. People who come to this sale will see good bulls, and good females. The contingent from the A. T. Worsley & Son herd will be of unusual worth. This collection has survived the ravages of time.

After more than 50 years of continuous service, it is today at the flower of its strength. There never has been a let-down. Good bulls have seen service always, and their work has been commendable.

George Gruss is another oldtimer in the Creston vicinity. George Gruss is a good cowman. For more than 40 years the name of Gruss has been closely linked with the fortunes of the noble Shorthorn. There are other consignors, and the name of Adam Keller can't be overlooked. He sells a nice consignment in registered and commercial entries. Ferrell Liscomb has Cruickshank Victorias in the sale and two fine red heifers of the same heritage, and sired by a Blomstrom polled bull. These are very choice.

Aim to be at this sale at Creston. If you like the Shorthorn you will want to be there.

Sincerely yours,

Francis T. Martin

Terms and Conditions

The auctioneer selling settles all disputes as to bids—he resells the animal.

TERMS—Cash.

THE GUARANTEE—All animals of breeding age are guaranteed breeders. Cows with calves at side are not further guaranteed. Females showing evidence of being in calf waive further breeding guarantee.

Open heifers are guaranteed regular only. All bulls are guaranteed breeders. The young bull, however, under 20 months of age is not permitted to run with the herd at large. The young bull in the developing stage has got to be given proper care. Don't overwork the young bull.

If you do you'll be the loser in that your calf crop is bound to suffer. Give the young bull a break. Treat him with consideration, and you won't be sorry. But if a bull fails to breed after you give him a 6-month trial he can be returned to the farm of the seller if he is in as good condition as when bought. The buyer then can demand his money—the purchase price or an animal of similar merit may be substituted.

This guarantee applies as well to the females selling. As soon as bid off the animal is the property of the buyer, and will be loaded on trucks without cost. The sale manager will not be responsible for any differences that may arise between the seller and buyer either legal or otherwise.

Many of the contributing herds have been tested regularly for T. B. and Bangs.

AUCTIONEER—J. E. Halsey.

CLERK OF SALE—Shields Sale Service.

Perfection's Coronet 2128988—Is an impressive sire. His get in the herd proves it, and he who gets this bull will have a tried sire, and a bull whose Ancestry can't be bettered. His Sire, Divide Advance is by the International champion, Browndale Goldspur, and his dam is by Helfred Supreme by Sni-A-Bar Golden Ring, and he by that great bull, Prentice always regarded as one of the greatest of Sni-A-Bar sires. Then comes King's Fairy by the International champion, Imp. King of the Fairies. Here is top blood, here is breed improving blood, and many good herds can use a bull of this pattern. See him, and his get on sale day.

The Violet Buds in the old established Worsley herd have always been regarded as top specimens. That's saying a lot in view of the fact that the Worsley collection is more than a fifty-year old collection. That's something, surely, to be able to buy seed from such a source. Violet Bud 9th is by Browndale Superb, bred by Dean Curtiss whose dam is by Proud Marshal by Spicy Marshal, and the second dam is by Village Royal 3d, a grandson of Village Beau by Imp. Villager, and he one of America's greatest breed builders. She is bred to Perfection Coronet, and has a pasture service.

Violet Lady 15th 2157377—Is at her heyday in the production field. She sells in this auction with a red cow calf at side, calved, April 23, and is carrying a pasture service to Perfection Coronet. The calf at foot is also by this bull. Here is the three-in-one kind, and what a chance for safe investment in Violet Bud seedstock. These time-tried, and proven strains should be nurtured carefully. They're the bulwark of the breed, they can be builded on safely, surely.

Midwood Violet Bud 5th 1878829—One of the good Violet Bud matrons, and is pasture bred to Brawith Clipper by Brawith Rambler by the Canadian champion, Brawith Boy. Anyone in the market for oldtime, reliable seedstock should be at this auction and buy from such a sort as the Violet Bud. It is tremendously important in these times to get the kind of seed that will withstand the test of time. Take a careful look of the Worsley Violet Buds.

Lot 6

VIOLET PRIDE 16th 1823242

Cow

Roan, calved May 2, 1934. Owned by A. T. Worsley & Son, Kent, Iowa.

Sire—Proud Marshal 1689029.

Dam—Violet Pride 14th 1678040.

Violet Pride 16th 1823242—Has a roan bull calf at side by Brawith Clipper the Brawith Boy bull in service in the herd. He was calved July 12, and is rebred to the same sire. The short form pedigree is given her only, but the Worsley Violet Buds have no dissimilar blood in their pedigrees. It is a tribe that is prized highly, it is a tribe that one can bank on when it comes to true productiveness. It pays to buy such sorts, it pays to build on such sorts.

Lot 7**LADY VIOLET 3d 1855130****Cow**

Proud Lady 4th 2205415—Is another of the Butterflies by Browndale Superb and is bred to Perfection's Coronet. These Butterflies are known throughout the length and breadth of the land. They came to America direct from Aberdeenshire, and therefore, the cowmen of America know their worth. One can tie to the tribe of the Butterfly. One can say in possessing them, that they are the improving kind.

A. T. Worsley & Son have stuck close to correct fundamentals in their breed improving activities of the Shorthorn. Fifty years without a skip or break in the business has been fruitful of results. Fifty years is a long time in the breed-building business on the home farm—the ancestral acres of the Worsley family. Here we have a Butterfly who traces to Butterfly 44th and bred by Amos Cruickshank. Today, the Butterfly is a numerous tribe because it has made good in the hands of the true cowman. A white cow calf of July 15th calving is at foot by Brawith Clipper, and she is rebred to him.

Lot 10

PROUD LADY 1823239

Cow

Roan, calved April 28, 1934. Owned by A. T. Worsley & Son, Kent, Iowa.

Sire—Proud Marshal 1689029.

Dam—White Butterfly 1341863.

Proud Lady 1823239—A red cow calf by Brawith Clipper is in the sale at the side of Proud Lady. It is likely that she will be sold separately as she was calved on April 11th. These good matrons from the herd have been regular producers. They breed regularly because they got a right start, and because they have been cared for sensibly. Aim to be at the sale, and look over the dependable producers that are listed by this long established firm of breed improvers.

Lot 11

MIDWOOD ROAN VICTORIA 1855132

Cow

Roan, calved April 20, 1935. Owned by A. T. Worsley & Son, Kent, Iowa.

Sire—Proud Marshal 1689029.

Dam—Red Victoria 1754299.

Midwood Roan Victoria 1855132—The Butterfly is a standard sort, and is thoroughly appreciated wherever their merits are known. The Butterfly came to America in early importations because American importers were bent on having the best, and in some instances they had the pick of the Aberdeenshire crop of calves. Therefore, the Butterfly is a prized sort. It has survived through generations of acid tests—it never failed. A red cow calf is at her side, and likely she will be sold separately. The calf was dropped April 28 by Brawith Clipper, and has a pasture service to the same bull.

Salamis Lady 8th 2004306—Is by the Bellows bred Supreme Hero 2d, out of a dam by Village Royal 3d, and grandson of Village Beau, probably the greatest breeding son of Imp. Villager. In his day, Village Beau sired many an outstanding calf and his progeny were scattered to the four winds. Villager, himself, needs no mention here for his record is known far and wide. Villager improved the breed at very turn, and when he was in service in a great Iowa herd, what wonderful calves he produced. A roan cow calf is at side by Perfection's Coronet, calved April 18th and is rebred to Brawith Clipper.

George F. Gruss & Sons have one of the more prominent herds of the state, a well bred herd, and an extremely strong producing herd. George Gruss has seen high times and low times in the Shorthorn business, and during those forty years he has captained the ship of state in a capable manner. This firm has good bulls in service always, and one of the best was Supreme Gold Nugget by Gold Nugget by Supreme Goldfinder. The two splendid bulls in the sale are by this sire. Here is a red roan whose dam is by Gipsy Resource by Dreadnaught Resource. This bull is good enough to head a top herd. He has a good head, a smooth shoulder and is deep-bodied and short-legged. Look him over sale day. He'll bear looking over.

Gold Marshal 2280159—Is well named. He is by Supreme Gold Nugget by Gold Nugget by Supreme Goldfinder, what's better than that when it comes to top Shorthorn blood? And his dam is by Village Marshal by Cumberland Marshal 4th. One can't cast stones at this kind of blood mixing. Today, the Goldfinders are in the saddle. And Supreme Goldfinder is the daddy of them all. Let's not under-estimate a great tribe of cattle such as the Goldfinders. Let's take them at their worth, let's take them because of their outstanding worth as breed improvers. This splendidly patterned red has the earmarks of a real sire. He'll develop right and if he goes into good hands, he'll sire the good kind.

Red Rose 1890718—A red bull calf at foot dropped April 10 by Fairview Renown, and a pasture service to Goldfinder Peter by Miles of View Peter, that's the story here as regards this good entry of Adam Keller's. Here is an American tribe that has a lot to interest the good cornbelt farmer. The Shorthorn bred along lines as fashioned here is a money maker. There's beef and milk here, there's extra weight here when its market value is concerned. You'll like this good type.

Strathallan Maid 2215810—Here is a choice heifer and carrying a service to Goldfinder Peter. Her sire, Fairview Renown is by Divide Advance 2d, a son of Browndale Goldspur, International champion, and he a son of Browndale Count an International champion. There's a lot of top blood in the upper brackets of this pedigree. The cornbelt farmer can commercialize such blood as this in the production of rare beef specimens, and that will be in demand as long as men eat beef. She is pasture bred to Goldfinder Peter.

Red Queen 2013768—Is in her prime of productivity, and her place is on the good farm where she can produce to her heart's content. These good matrons will certainly prove their worth in the hands of the good cowman. The Shorthorn is a grand animal. She's the essence of goodness if given the right treatment. As a moneymaking unit, she'll hold her own anywhere, and at anytime. She has a roan bull calf at side since April 10, and which will be sold separately when they come in the ring. And she's rebred to Goldfinder Peter by Miles of View Peter.

Proud Marshal 2302830—Is a nice type by Fairview Renown by Divide Advance 2d by the International champion, Browndale Goldspur by the International champion Browndale Count. There's attractive blood all through this pedigree. Today, good bulls are pretty scarce. The good Shorthorn bull is a real sire, he thickens up his calves, he gives them plenty of fleshing qualities, and he gives them extra pounds of weight. That's what the Shorthorn bull will do if his owner will give him proper care, and the proper care for his calves also.

Oakhill Maid 2d—A polled heifer, a dark cherry red, a splendid type, a member of one of the most highly prized Cruickshank tribes, she ought to be sought after by the man who wants polled seedstock based upon a superlative foundation such as the Cruickshank Victorias. This heifer is by Masterpiece bred in the herd of Fred Blomstrom & Sons, and one of the country's greatest herds of hornless Shorthorn. Hornless Shorthorn advocates can ill afford to let pass unnoticed such a well bred heifer, and a heifer that is as good individually if in first class condition as one will run across.

Model Lady 2151448—Is the producing kind as is plainly evidenced by the choice heifer, **Victoria Newcastle 2d** selling in this auction. She, herself, is selling with a calf at side, but her crowning glory in the production line is her yearling polled daughter. This is not happenstance breeding, it's breeding as good as can be found in the archives of Scotch ancestry. She is in plain condition but she's got the blood in her veins that does the work, and does it well.

Ferrell Liscomb is selling outstanding seedstock material in this solid red heifer by a Blomstrom sire, and one of the top bulls sold at Omaha in a number of years. There is no better blood than the Victorias founded by Cruickshank, and improved by the leading breeders of this country. This is a grand pedigree, and it is a line of blood that should be preserved for the breed. The polled Shorthorn is climbing in popularity daily, and when it is buttressed by such blood as this it will keep on climbing in the esteem of the hornless cowman. See these two red heifers, they're not ordinary heifers.

Lady Newcastle 2151447—Is an American tribe, but her six top sires are Scotch and all Scotch. That makes it fifty-fifty when it comes to mixing the most potent elements of Scotch-bred sires on American-bred ancestry. She has a calf at side, and the calf likely will be sold separate from his dam.

Lot 24 BROWNDAL CHIEF 2126798 Bull

Red, calved September 30, 1941. Owned by Sam Day, Thayer, Iowa.

Sire—Brownale Superb 1863248.

Dam—Violet Pride 27th 1975957.

Browndale Chief 2126798—Is by Brownale Superb from the herd of Dean Curtiss' Rookwood farm, and his dam is a Violet Bud so popular in the Worsley & Son herd. This bull ought to do good work as a sire. He is good-headed and straight-lined. If you want a bull that can do the work in a herd of more than average size, this bull will fill the bill.
